

# **TECHNICAL DATA SHEET**

## **SpecPed® Calm AT15**

**Product No.:** 140021

### **Introduction:**

SpecPed® Calm AT15, with active component - Acetyl Tetrapeptide-15, can reduce the skin's response to irritants and increase the skin's tolerance threshold. It is especially helpful for highly sensitive and allergic skin. Thus, SpecPed® Calm AT15 is recommended for skin care products such as sensitive skin, anti-stress skin care products and etc.

### **Composition**

<b>INCI Name</b>	<b>CAS No.</b>	<b>EC No.</b>
Acetyl Tetrapeptide-15	928007-64-1	--
Sodium Citrate	68-04-2	200-675-3
Mannitol	69-65-8	200-711-8

### **Specification:**

<b>Items</b>	<b>Specification</b>
Appearance	White to off-white powder
Odor	Weak odor
Peptide	1200ppm-1600ppm
Mannitol	87.0%-92.0%
Water Content(Karl Fischer)	≤2.0 %
Total germs	≤50cfu/g

### **Application:**

Anti-sensitivity, anti-stimulation and etc.

### **Dosage:**

Daily care: 0.05~1.0%

Special care: 1.0-10%

**Storage:**

Storage in cool, dry place, protect from light. Long storage: around 10°C.

**Shelf life:**

2 years

**Package:**

1kg, Customization

Issued by: *Grace* Inspector: *kimj* Issued Date: May.14, 2020
